

## K2 SMART CHARGER K2C3V1A

### KEY FEATURES AND BENEFITS

Charging LED indicator light  
 Compact Size  
 Quick Charge Time

### ADVANTAGES

DC 12V Plug Charge Capability  
 International Usage

### DESCRIPTION

AC Input Voltage	AC 50 / 60Hz 100V-240V
DC Input Voltage	DC 12V (DC Plug Included)
Input Current	250 mA
Output Voltage	3.7V
Output Load	300mA ±50mA

### CHARACTERISTICS

CC / CV (Constant Current / Constant Voltage)

Operating Conditions	
Operating Temperature	0° - 35° C
Storage Temperature	-20° - 80° C
Operating Humidity	20% - 90% RH
Storage Humidity	20% - 90% RH
Caution	Indoor use only   K2 Lithium K2123A Cells only
Dimensions	91.5mm (3.60in) x 56.6mm (2.22in) x 26.8mm (1.01in)
Charging Options	Charge either one or two cells at a time
Safety Rating	CE
