

# Battery Case for iPhone 6 / iPhone 6 Plus

The CPB-iPhoneExtra Battery Cases make powering and protecting your iPhone 6 / 6S / 6Plus a breeze. The built in lithium ion polymer battery provides up to almost double extra battery power on top of the existing battery inside your iPhone whilst shielding your iPhone from nicks and bruises. It lets you recharge your iPhone and your battery case with a micro USB cable through the USB port on the case.

3100mAh  
(available in black)

For  
**iPhone 6 Plus**  
CPB-iPhoneExtra6+  
4000mAh  
(available in black)

## **CPB-iPhoneExtra & CPB-iPhoneExtra6+ Battery Cases for iPhone 6 / 6S / 6Plus**

The Mi Battery Experts Battery Cases sport a built in battery which more than doubles the battery life of your iPhone compared to using the internal iPhone battery only.

Featuring a low profile and slim design you could easily forget you are carrying the extra power when on the go.

Cut outs for access to all the iPhone features are incorporated in the design so you can use all the phones features without having to remove the phone from the case.

Made for iPhone means this is a MFi approved product so it will continue to work with all versions of IOS now and in the future.
