

ANSMANN 10-YEAR BATTERY FOR SMOKE DETECTORS 9V Lithium PP3 (6LR61 style)

- ANSMANN premium quality lithium battery long-life, specially developed for use in smoke detectors
- For all conventional, battery-operated smoke detectors
- Tested by the Saarland TÜV centre (function, quality, durability)
- Up to 700% more power in comparison with an alkaline battery
- Mercury and cadmium free
- Can be stored: min. 10 years
- Can also be used in extreme temperatures from +60°C to -40°C
- The smoke detector batteries are around 35% lighter than normal alkaline 9V PP3 batteries
- Very low self-discharge, only ca. 2% per year

INFORMATION

Product name: Lithium battery smoke detector 9V PP3
Article number: 5021023-01
EAN code: 4013674057474
Product: 86x120x18mm / 46g
Packaging + product: 159x146x90mm / 786g
Packaging unit: 16 (159x146x90mm)
Delivery: From stock

Customs tariff number: 85065090
RRP: £9-95
Material group: 17
