

**Master Instruments is proud to announce our appointment as an Official Special Partner of Fronius!**

This momentous agreement means Fronius' highly regarded inverters, battery storage products and other energy management solutions will now join MI's extensive renewable energy products portfolio.

This partnership with Fronius also strengthens our capacity to deliver in-house engineered energy solutions to installers and integrators across Australia.

As always, MI's customers will continue to enjoy streamlined access to products, training resources, technical documentation, in-house engineering and expert aftersales support.

**Reserva**

Modular, high voltage DC solar battery system with lithium iron phosphate technology for backup power and energy independence.

**Tauro & Tauro ECO**

Makes large-scale PV systems even more cost-effective. Double-walled housing and active cooling to tolerate even the harshest environments.

**Primo GEN24 & GEN24 Plus**

Single phase inverters to use your own solar energy. GEN24 Plus hybrid models let you also connect a battery storage system.

**Symo GEN24 & GEN24 Plus**

Three phase inverters to use your own solar energy. GEN24 Plus hybrid models let you also connect a battery storage system.

**Verto & Verto Plus**

Developed for agriculture, businesses, or larger single/multi family homes, this powerful inverter impresses with maximum flexibility in system design.

**Ohmpilot**

A consumption regulator designed to use excess solar power to heat water, providing the average family home with most of their hot water.

**Watterpilot**

Sustainable electricity from your own PV system is always the cheapest way to power your electric car with this fully automatic intelligent charging solution.

**Smart Meters**

Bidirectional and intelligent electricity meter for PV systems – visualise, control and optimise energy flow for efficient energy management.

Master Instruments is also proudly representing:

symmetry    Drypower Batteries    PYLONTECH    voltgo

victron energy    ENEPOWER    NOARK    SUMAN

**Sign up!**

Join the Master Instruments network by entering a few simple details.
