

# Turn **Surplus Energy** into **Stored Energy**

Ask us about Energy Storage Systems (ESS)

- ☀ Versatile & Scalable Low Voltage 12Vdc to 48Vdc Lithium energy storage solutions
- ☀ Engineered High Voltage solutions available
- ☀ World renowned performance
- ☀ Simple integration with major inverter brands such as Growatt, Goodwe, SMA, Selectronic & more
- ☀ Rack mount & stand-alone cartridge configurations
- ☀ Comprehensive multi-level safety protocols
- ☀ Plug & play setup
- ☀ Remote monitoring & control world wide

- ☀ Building block design allows for easy system adaptation & upgrades
- ☀ Scalable from small system setups to large scale installations
- ☀ Simple integration with Fronius PV Inverters for AC-coupled systems.
- ☀ Compatible with battery technologies from: BYD, LG Chem Resu, Simpliphi, Redflow and more
- ☀ Remote Monitoring & Control world wide
- ☀ Full back up and technical support from our in-house engineers.

**From surplus to storage:** We have top tier products for quality energy storage solutions.

- Optimise your solar with world renowned inverter and battery brands
- Powering residential, commercial, off-grid and remote power systems
- Specialised batteries, inverters, chargers, monitors and more
- Full service and technical product support from our battery engineering specialists
- Nationwide distribution from our 3 warehouse locations

**Our brands:** Through years of experience and research, we only stock and supply the brands we support and trust.
